204: Swift Functional Programming

Part 5: Conclusion

raywenderlich.com

What We've Seen

- Problem modeling via values and functions
- Use of elementary HOFs

Straight talk on FP

- Benefit: Makes programs as simple as simple math!
- Risk: Makes programs as hard as hard math!
- Quite possible to use piece-meal

Straight talk on FP

- Not discussed: type systems
  - a path toward deeper insight and clarity
  - a puzzle distracting you from the actual problem
  - … depending on the day of the week ;)
